## Art

### Still Life Painting

Year 7 Autumn Half Term 2

This term we will be focusing on creating a foundation of knowledge and skills in colour theory and paint application. You will learn how to 'read' the colour wheel and understand how to make and identify a variety of different types of colours. These skills will be again linked to the theme of Still Life and artists who use colour in different ways in their work.

**TUDOR HABITS:** You will be courageous and gritty in applying your knowledge of tone and colour to your work.

**VOCABULARY:** Colour wheel, primary colours, secondary colours, tertiary colours, mixing, application, harmonious colours, complementary colours, tints, tones, shades
