

# LEARNING JOURNEY GERMAN

## Essen und Getränke (Food and Drink)

Year 9 Autumn Term 1

In Year 7 we learnt how to give opinions and justify them with reasons using *weil*. In the Year 8 media topic, we learnt how to give preferences using *gern, lieber and am liebsten*. We will be revisiting both of these grammatical structures and applying them to the new topic of food and drink, which offers you the opportunity to learn more about German culture and give your own opinions. Furthermore, as you were able to use all three tenses to talk about holidays and media in Year 8, you now have the linguistic understanding to refer to past, present and future events. You will learn more vocabulary to enable you to discuss food in German and be able to order food in a restaurant, buy items in a supermarket and follow recipes in German.

**TUDOR HABITS:** As we discuss our food preferences, this topic is an opportunity to demonstrate tolerance and respect as we discover different food choices and respect other people's opinions.

### VOCABULARY:

infinitive, modal verbs

ich möchte , essen
