FROSTY MORNING WARNING

You may need to defrost your vehicle in the morning.

Every winter, cars and vans are stolen from driveways. Thieves are looking for unattended vehicles with keys in the ignition. It takes seconds to steal a vehicle but there are things you can do to prevent this.

1. Wrap up warm and stay with your vehicle whilst it defrosts
2. Buy de-icer or a windscreen scraper to help your vehicle defrost quicker
3. Keep your keys and valuables close
4. Warn your neighbours not to leave their vehicles unattended

Our officers are out on patrol in your neighbourhood looking out for car thieves. Check out our local social media channels to see what we're up to.

Have a safe weekend.

In the last 24 hours we have seen an increase in burglary offences across Solihull.

They have been a mixture of daytime break-ins when homeowners have been out, gold and jewellery are the items being targeted. Evening and overnight offences cars have been stolen.

There are things that you can do to help protect your home our top tips are...

- Fit anti-snap locks to all external doors. Snapping locks is the method used in a large number of burglary offences.
- Use a Disklok on your vehicle. This will help prevent keyless theft and help deter anyone breaking in to your home to steal vehicle keys.
- When you go out do what you can to make it look like some one is at home. Set a low energy light on a timer and close curtains/blinds if you are going out after dark.
- Expecting a parcel when you're not at home? Speak to your courier company about a 'safe out of sight place' you want your parcels to be left. Not only could opportunistic thieves steal your goods but it's a clear indication no-ones at home if parcels are on clear view outside of your address. For much more detailed crime prevention advice visit the WMP website.

Think WIDE(N) burglary prevention campaign highlighting the simple, evidence-based WIDE measures which can be taken in any home on a variety of budgets.
