Connections in Music

Musicologists often categorise music by Style, Genre or Era. These labels are useful to help us understand the consistent features of a type of music, but it can also be extremely useful to look beyond categories and start to find the **Connections** between different styles. In this topic you will be exploring fusion styles and finding similarities between pieces of music sometimes thousands of miles or hundreds of years apart!

TUDOR HABITS
 You will develop your positive self regulation through regular practice and prepare to overcome failure with powerful metacognitive strategies.

VOCABULARY
 Fusion, Genre, Style, Connection, Composition, Rhythm,
