

# LEARNING JOURNEY

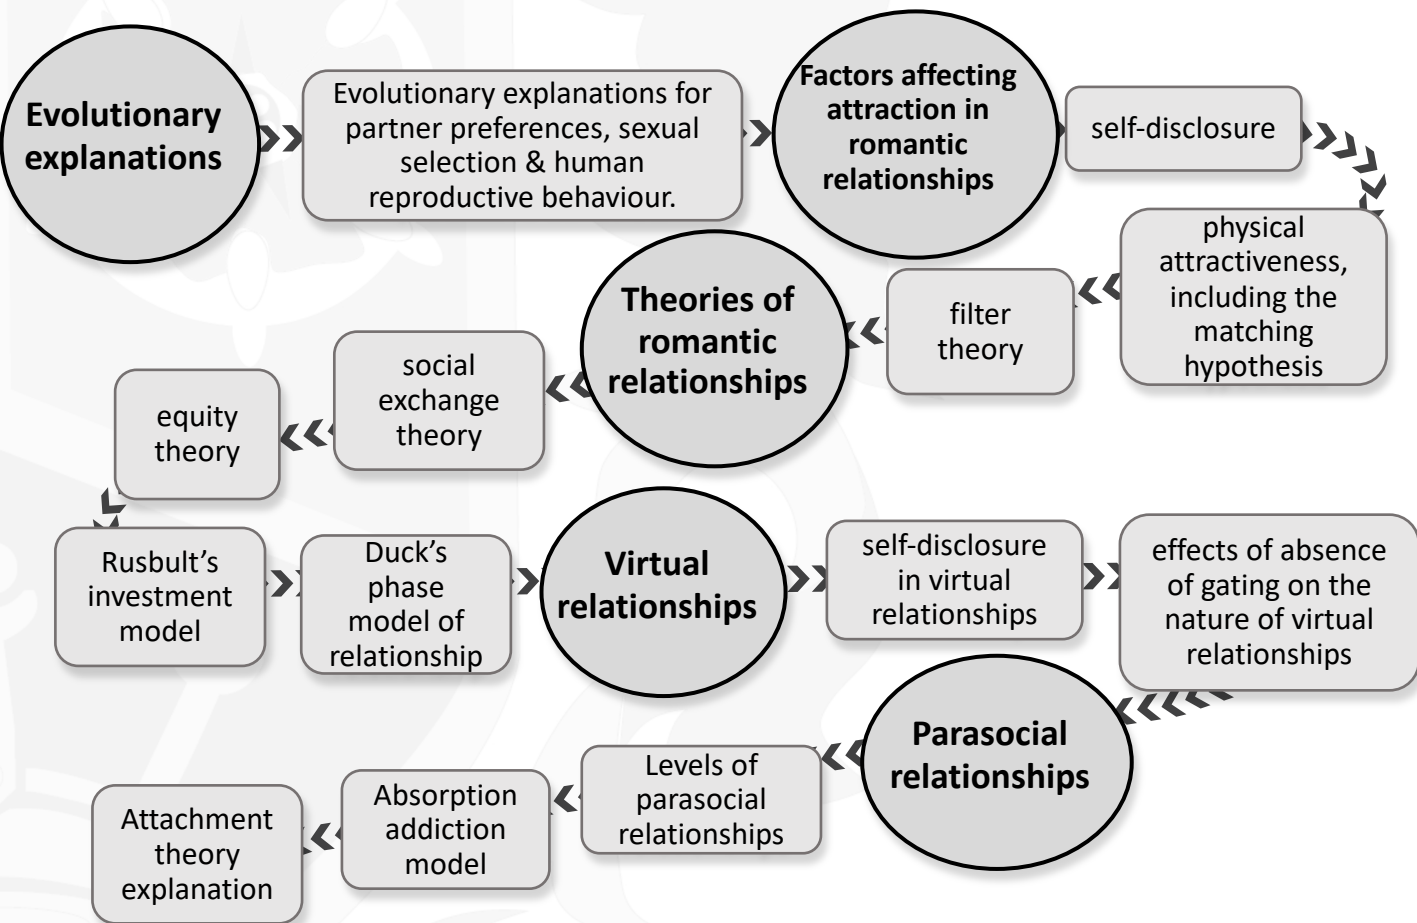

## PSYCHOLOGY

### Relationships

Year 13 Spring term

You will develop your understanding of how relationships form, maintain and breakdown. Covering key theories on typical and abnormal relationships (such as celebrity stalking) to improve your wider understanding of the range of factors contributing towards how a relationship stabilises, and how it ends.

**TUDOR HABITS AND VALUES:** You will develop an understanding of relationships in a theoretical sense, allowing you to be better prepared to spot red flags in relationships and keep yourself and others safe from harmful or toxic relationships.

**VOCABULARY:** evolution, partner, attractiveness, quality of alternative, satisfaction, breakdown, maintenance, self-disclosure, gating, parasocial.
