Street Art

Year 9 Spring Half Term 3

This term we will be focusing on art that is produced outside an art studio space and not for gallery setting. We will be looking at a range of different artists that create work for the public and in public spaces. You will consider the difference between Art and Vandalism. The work you produce will be influenced by different styles and using a range of mediums to produce ideas based pieces that comment on social and political issues that you are passionate about.

TUDOR HABITS: You will be focusing on the process of idea generation and using your creativity to link your designs to issues in society.
