### Street Art

Year 9 Spring Half Term 4

This term you will be designing a protest art pieces and artwork that spreads a message of positivity that links to mental health, or an area of social or political issues that are current in the news that you are passionate about. We will look at further ways of producing street art through post ups and you will also consider the use of interactivity through social media and the public and how important this is for street and graffiti artists.

**TUDOR HABITS:** You will be focusing on the process of idea generation and using your creativity to link your designs to issues in society.
