

LEARNING JOURNEY

Football

F - A - C - T

This unit will build upon many of the key movement skills you have learned previously at KS2. Linked to key process through developing skills, making and applying decisions, developing physical and mental capacity and evaluating and improving. Many of these skills will facilitate future learning not only in this unit but across a wide range of sports from Netball to Gaelic football.

You will start off by developing your ball control, looking at passing and receiving. These fundamentals will allow you to participate fully in gameplay moving forwards. Attacking and defensive principles will be learnt further into the journey and applied through tactical strategies in game play.

Pupils are encouraged to distinguish right from wrong by applying rules of the game and accepting instructions from others such as the referee. Pupils work with others to acquire an appreciation of a mutual respect and tolerance of others

WE ARE HERE

Football

Ball control:
passing &
receiving
Dictate

Dribbling
Composed

Keeping possession
1v1
Patience

Keeping
possession:
passing
combinations
Overload

Shooting
technique
Creativity

Variety of shots
Cohesion

What will you include in your warm-up today?

What is the why behind your lesson today?

VOCABULARY

Dictate, composed, patience, overload, creativity, cohesion, engage, dispossess, tenacity, resilience, co-operation
