

LEARNING JOURNEY SPANISH

La inmigración (Immigration)

Year 13 Autumn Term

In year 12 we looked at different traditions and cultural heritage in Spanish speaking countries, including influences from other cultures. In this topic we will explore in depth the impact that immigration has in Spanish speaking countries nowadays and its impact in today's society. You will evaluate advantages and disadvantages of this societal movement and you will explore different points of view of the migrants and the receptive countries. This will help you broaden your understanding of the current situation in the Spanish speaking world and the wider world. You will also encounter a variety of grammatical structures such as compound verbs that will enhance your writing and speaking skills.
