# Spanish

## Los movimientos populares (popular movements)

Year 13 Spring Term 2

This topic will allow you to gain a deeper understanding of different social mobilisations in the Spanish speaking world. You will learn and analyse the measures that the Spanish government has put into place to control these and the impact that it has had through case studies. You will also gain an understanding of the main trade unions in Spain and their vision of a fair worker protection. To finalise, you will explore two main social protests and their progress in achieving their goals and how these link to other topics in the course such as “young people of today” and dictatorships.

**TUDOR HABITS:** As we learn about different protests, you will learn how courageous individual must be to protest against what they consider injustice.

### VOCABULARY:

manifestación, libertad de expression, protesta, sindicato,
