

LEARNING JOURNEY

German

Meine Schule (my school)

Year 7 Summer Term

This term you will learn vocabulary related to school. You will learn about school subjects, describe teachers and uniform, and how to give your opinion in German about them using a different structure to what you previously learnt. This will enhance your grammatical awareness as well as unlock a new door to express your opinion on other topics. With your opinions, you will be adding reasons why to reinforce the idea of word order in German, which is a very important concept in this language. Additionally, you will also work with the verb “lernen” and learn how to tell the time to express what you study each day. This builds on what you have covered in the previous topic on time and frequency expressions.

TUDOR HABITS: During this half term you will be receiving feedback from your first writing trust assessment which will require you to be open to failure and feedback so you can move forward and improve.

VOCABULARY:

qualifiers, connectives

Ich mag, Lieblingsfach, ich lerne (lernen)
