

LEARNING JOURNEY

Physics

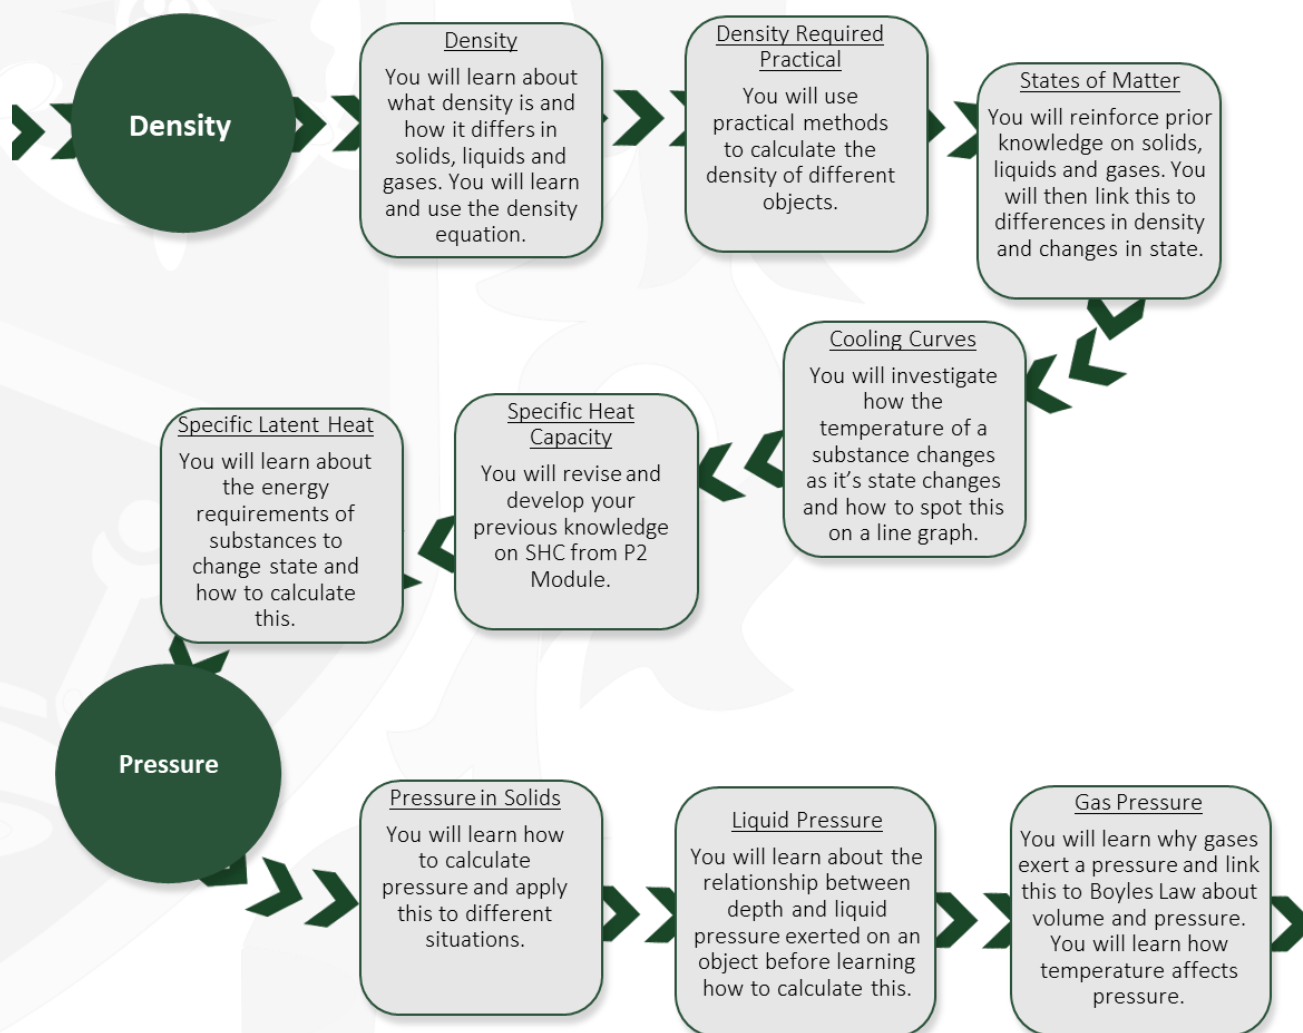

P6 – States of Matter (Trilogy and Separates)

Year 10 Autumn Half Term 2

This module continues your learning journey from previous learning in Physics about states of matter and energy.

You will learn about density and why different objects have different densities before practically calculating density.

You will develop prior learning on Specific Heat Capacity and also learn about pressure in solids, liquid and gases.

TUDOR HABITS: You will develop the Tudor Habit of responsibility as we consider the responsibility of humans to conserve and protect the natural world.

VOCABULARY:

Regular / Irregular
Pressure
Latent Heat
