

LEARNING JOURNEY

Physics

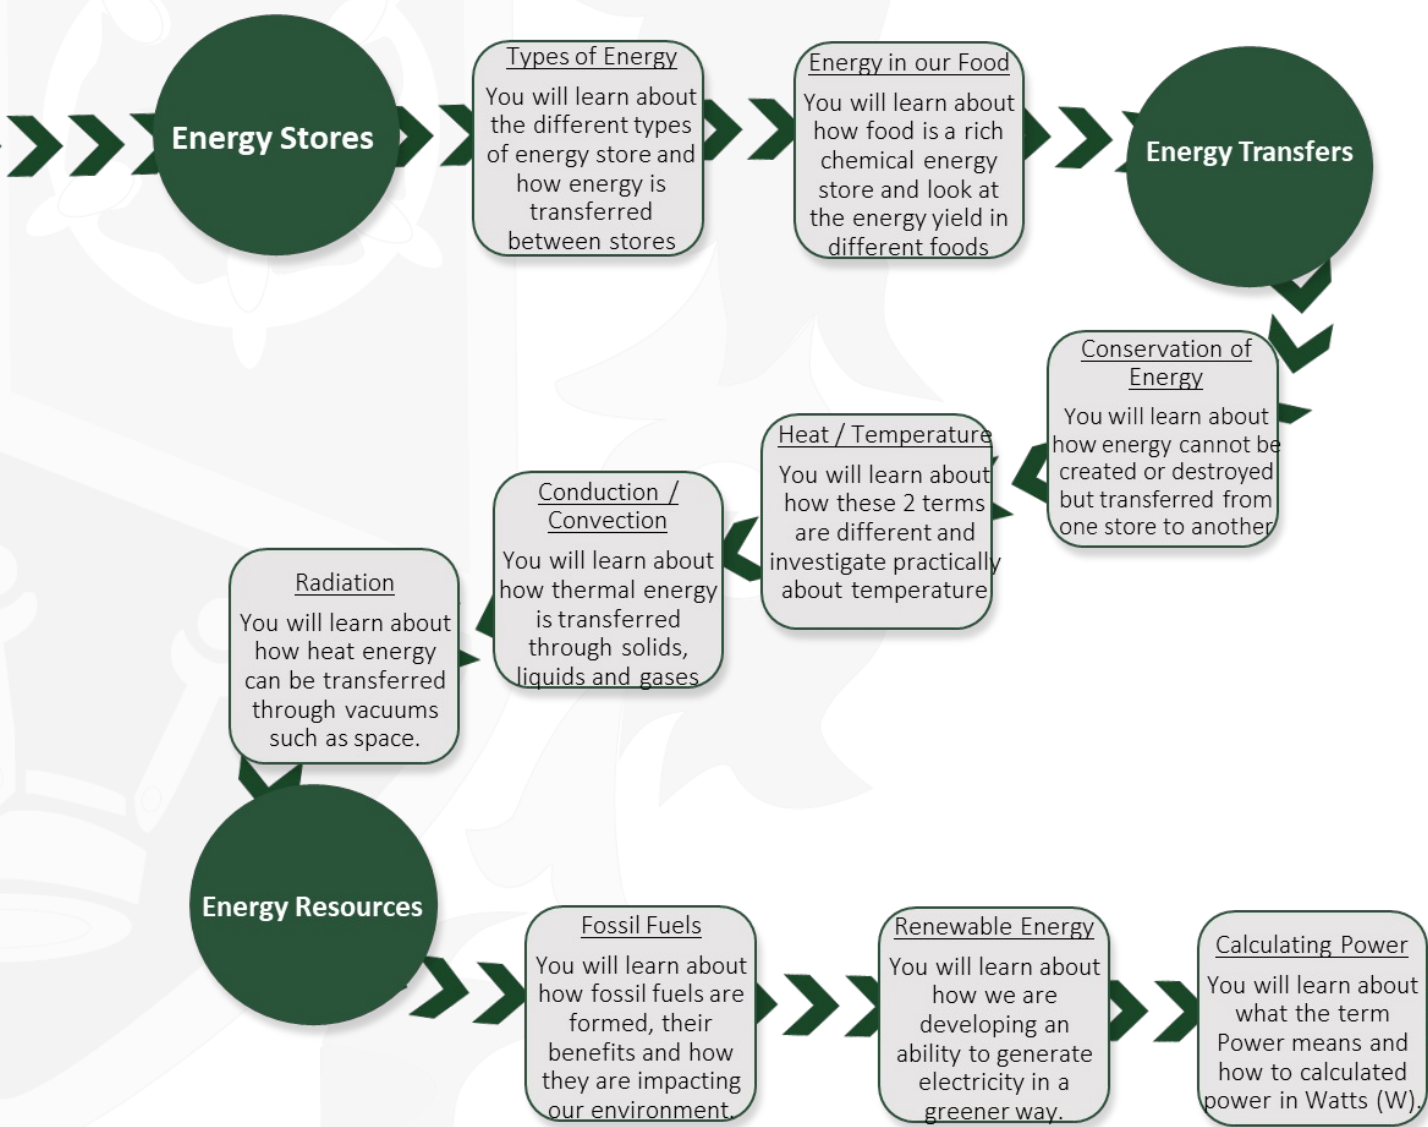

Energy

Year 7 Autumn Half Term 1

Physics is the study of matter and the interactions of matter.

Energy is a key focus which will run through the whole of your Physics lessons during all years.

Energy is found in stores and allows work to be done. It is critical in your understanding of Physics moving forward.

TUDOR HABITS: You will develop the Tudor Habit of Responsibility as you learn about the impact of energy resources on our planet and link this to sustainability.

VOCABULARY:

Joules	Energy Store
Conservation	Transfer
Conduction	Convection
Radiation	Insulator
