

LEARNING JOURNEY

Biology

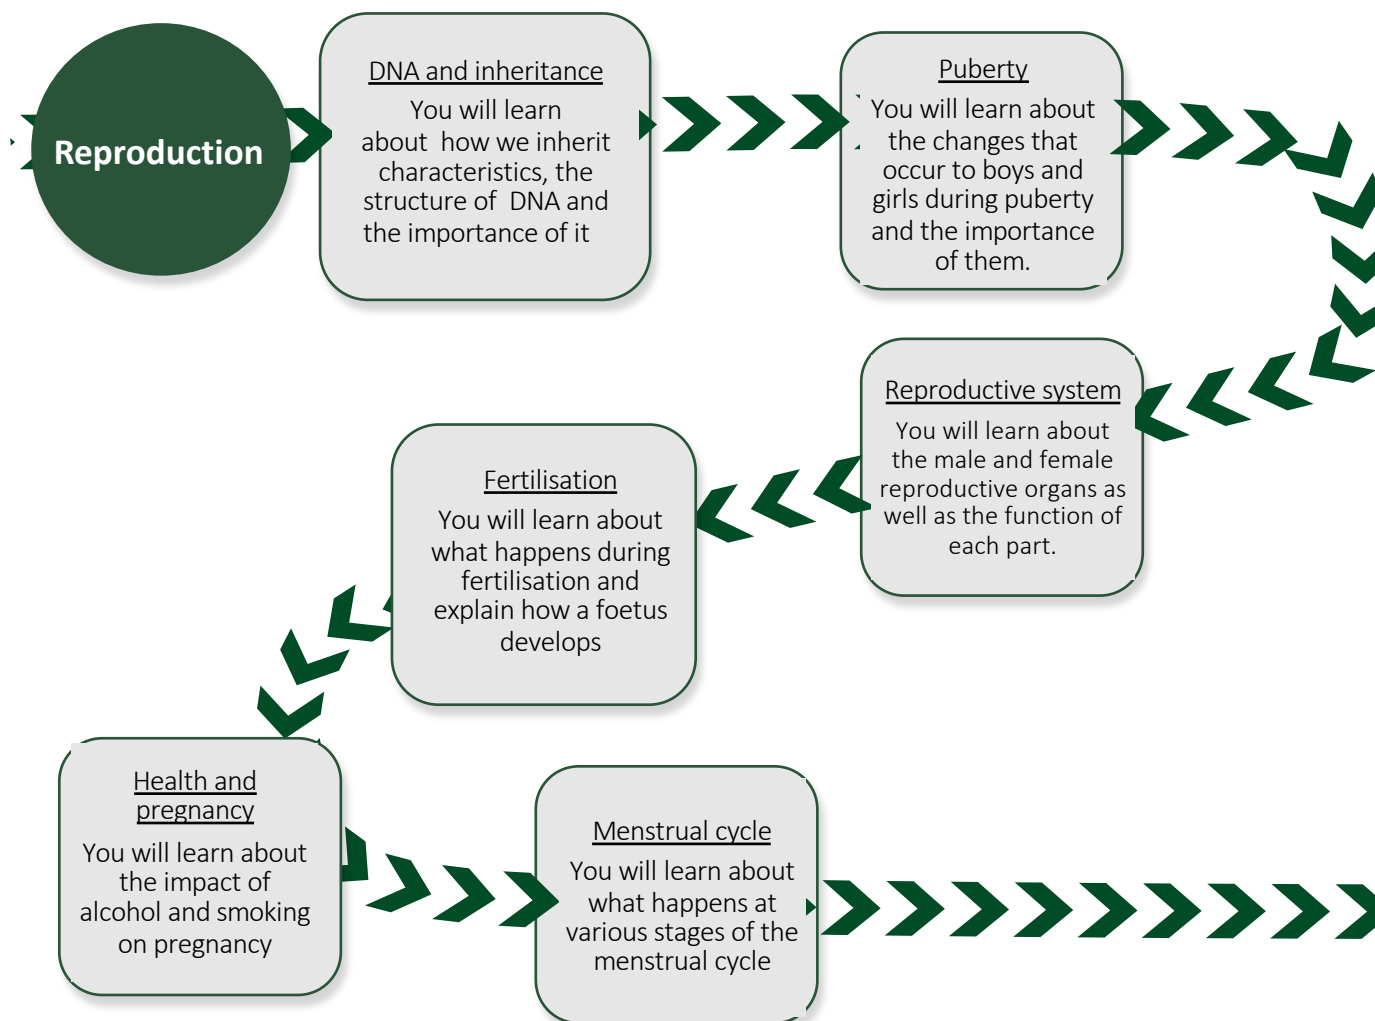

Reproduction

Year 8 Spring Term

In this module you will build your previous knowledge of cells and organ systems to explore the reproductive system for males and females.

You will explore the changes that occur during puberty for boys and girls and the importance of them. You will also learn about the menstrual cycle and pregnancy.

TUDOR HABITS

You will develop the Tudor Habit of positive self regulation as you learn about changes that occur to males and females during puberty
