

# LEARNING JOURNEY

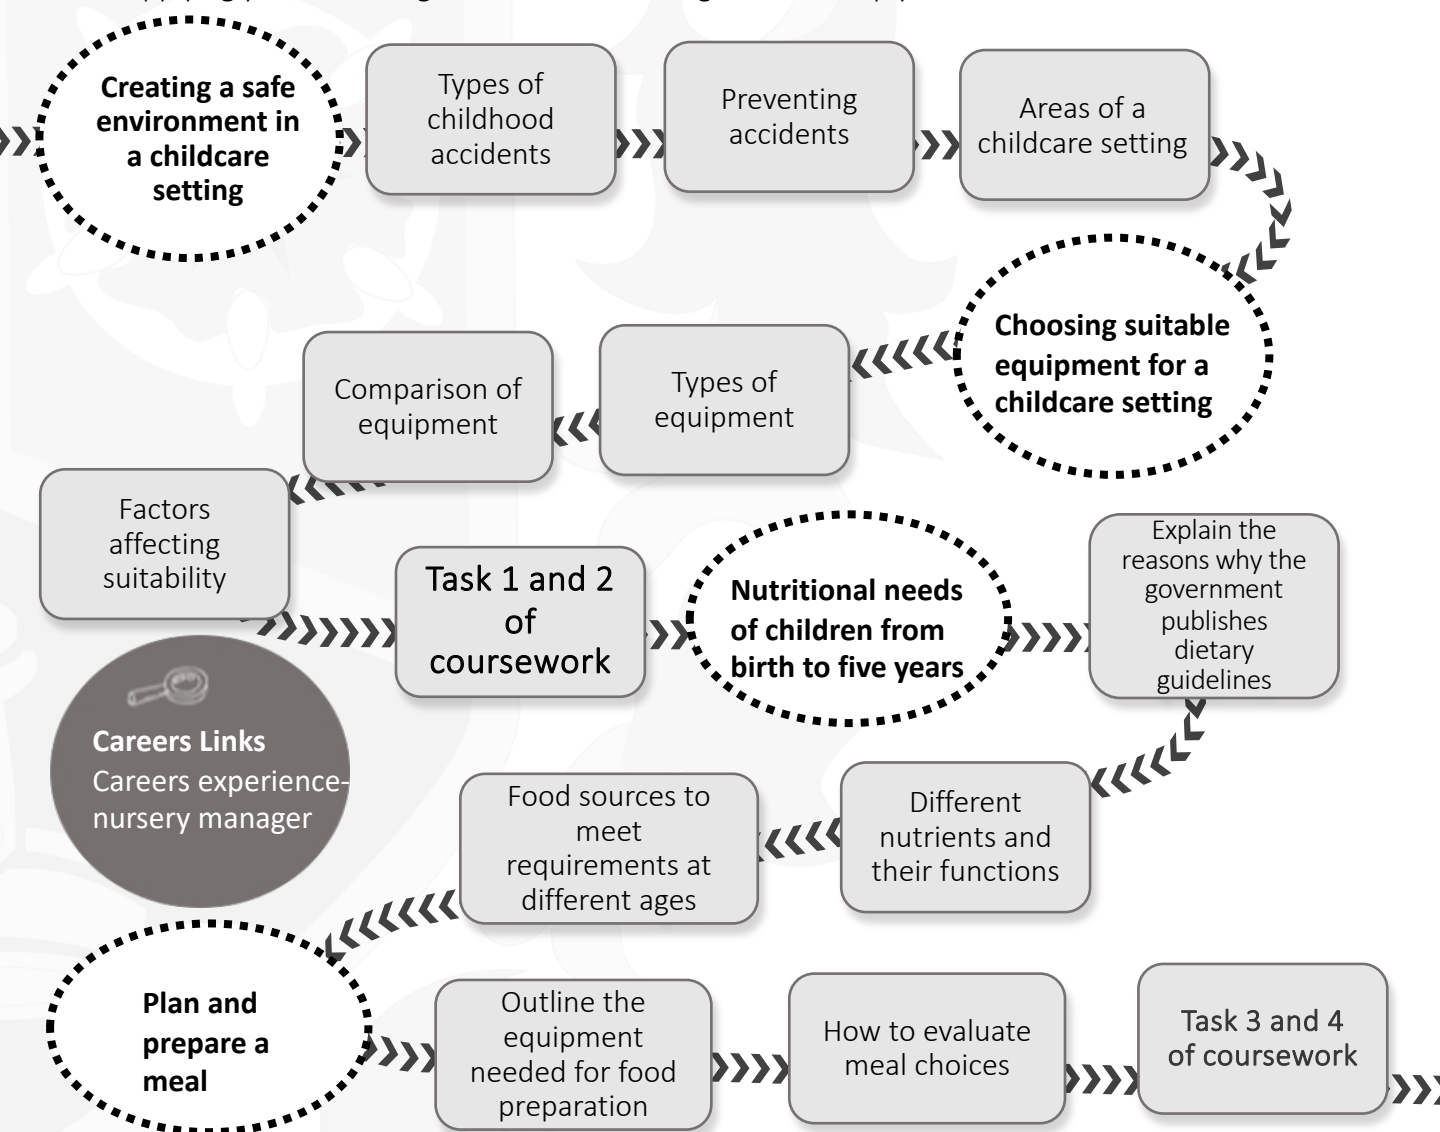

## Child Development

**RO58:** Create a Safe Environment and understand the nutritional needs of children

### Year 10 Autumn 2 and Spring Term

In this topic you will develop an understanding of safety considerations in a childcare setting and how these can be prevented. You will use your skills of application and analysis to suggest appropriate equipment and nursery designs for a childcare setting as part of your coursework. You will also learn about nutritional requirements and apply this to a practical task. This topic will focus on applying your knowledge to real world settings and develop your evaluative skills.

**TUDOR HABITS AND VALUES:** You will be working on your self regulation as you complete your first piece of independent coursework. You will develop your grit and resilience to step out of your comfort zone and apply your own ideas to your learning.

**VOCABULARY:** durability, hazard, minerals, nutrients, vitamins, weaning.
