

LEARNING JOURNEY

Child Development

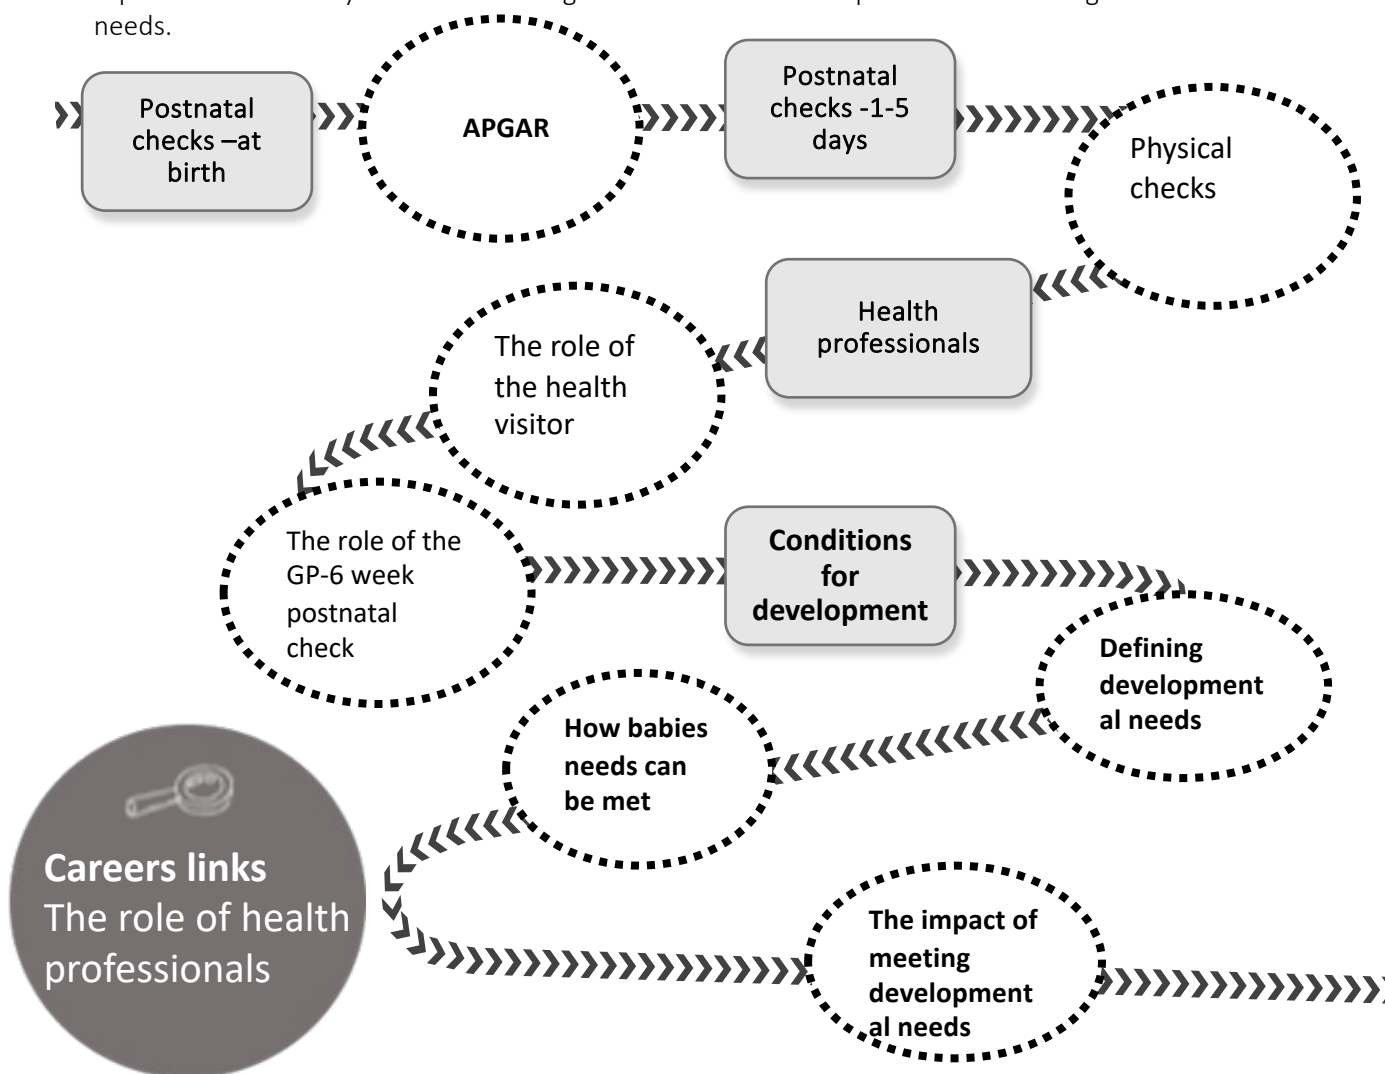

R057: Health and well-being for child development

Topic Area 3: Postnatal checks, postnatal care and the conditions for development

Year 11 AUTUMN 1

In this topic you will explore the needs of babies and parents in the first 6 weeks after birth. This topic will also enrich your understanding of the role of different professions in caring for families needs.

TUDOR HABITS AND VALUES: You will develop your skills of resilience as you encounter new terminology.

VOCABULARY:

Postnatal, neonates, premature, development
