

LEARNING JOURNEY FRENCH

Les amis et la famille (Friends and family)

Year 7 Autumn Term 2

in primary school you may have acquired some basic French knowledge of the topics Family and Colours. The current topic will allow you to describe in more detail your family and friends in French (colours will be used to describe hair and eyes). In Autumn term 1 you have already been introduced to the verb *to be* (*être*) in French in the present tense and some adjectives. You will use this knowledge when describing other people's personalities. In this topic you will learn how to conjugate the verb *to have* (*avoir*) in the present tense which will be necessary when giving physical descriptions, in particular when describing hair and eyes. You will be exposed to new French vocabulary and structures that will help you to conduct a role play in French, which is a part of the French GCSE speaking exam.

Cultural facts about France:
Christmas

TUDOR HABITS: Always take pride in your work and presentation. Be proud of the new language produced, despite any errors that may have been made.

VOCABULARY:
Il / elle est , Il / elle a
