

# LEARNING JOURNEY GEOGRAPHY

## Changing Places

### Year 12 – Topic 2

This is your second topic of the **human** specification of the AQA course. This topic is completely new at A-Level and unlike the other geography topics and will require a lot of discussion and sharing of ideas, particularly with the **insider vs. outsider** concept. Additionally, it will also connect your learning to your previous topic through the use of **rebranding** as part of **urban regeneration** (London Docklands in the 1980s), and to your future topic through the impacts of **globalisation** on your **near** and **far** places.

**VOCABULARY:** location, locale, sense of place, placelessness, tourist gaze, perceptions, globalisation, glocalisation, insider, outsider, experienced place, media place, near place, far place, endogenous, exogenous, continuity, change, positionality, rebranding, place meaning, qualitative, quantitative, clone town, topophilia, topophobia
