

Reading Book Stock

We are desperately trying to increase our stock of up-to-date reading books so that our students have access to physical books.

The PTA have generously donated £500 but we are still short on stock. If you have books at home that your child no longer reads and that are in good condition, we would welcome your donations.

We are looking for both fiction and non-fiction books across all genres that are suitable for secondary age students. Books will be collected during tutor times over the next two weeks.
