

# LEARNING JOURNEY

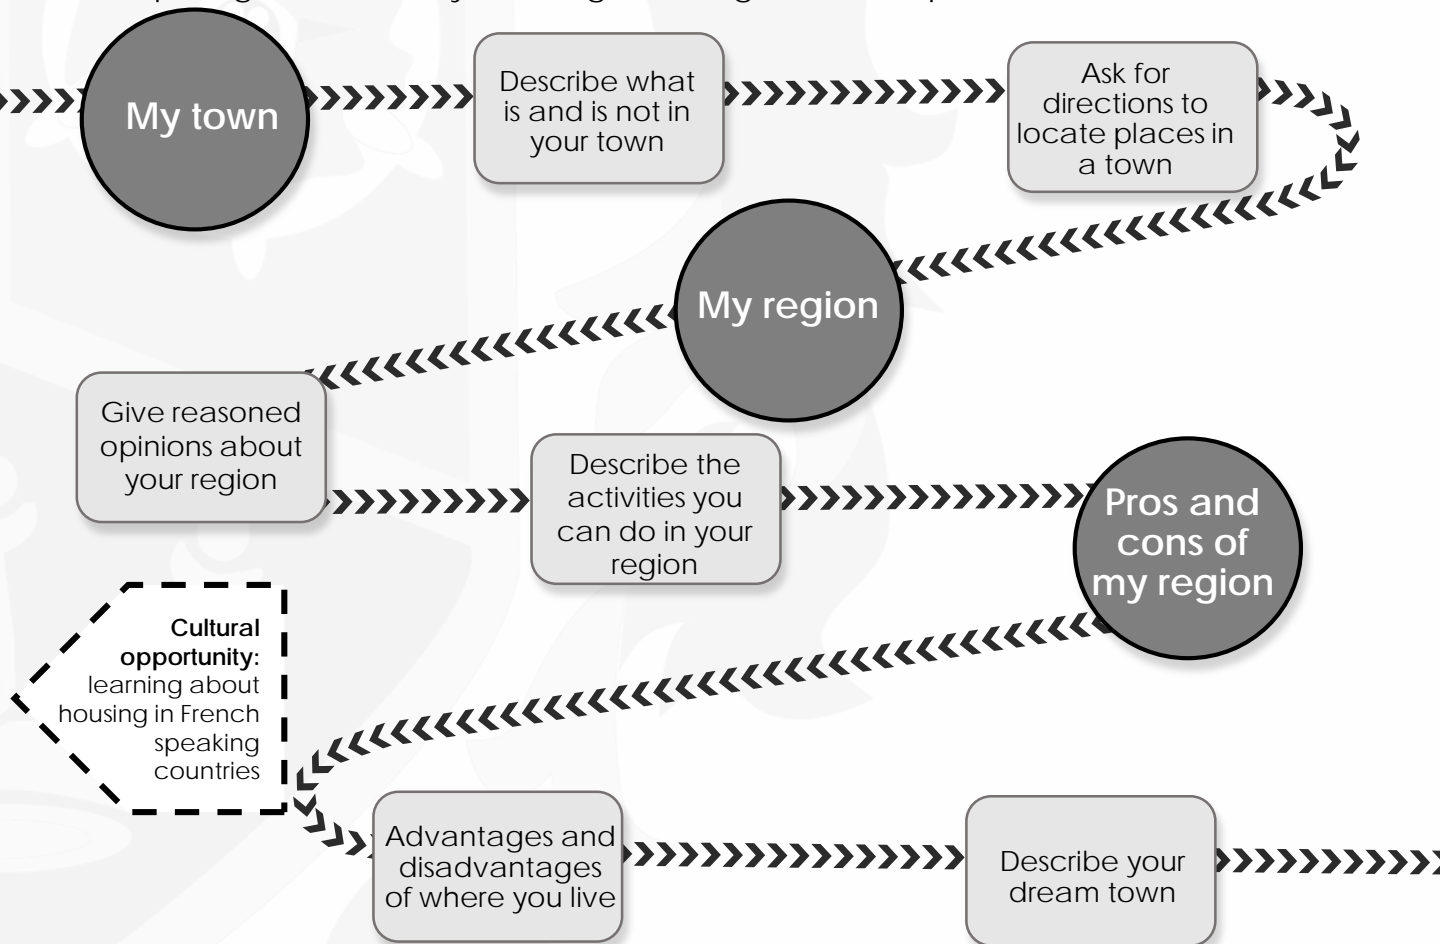

# FRANÇAIS

## Year 10: Ma ville (My town)

### Spring Term 1

During Spring 1, you will learn how to give opinions on your town and your region. You will learn how to describe the activities that can be done in your area. You will practise real life scenarios with roleplays, such as asking for directions. You will be able to draw upon your knowledge from the year 9 topic of home town and local area to give opinions on what is and isn't in your town. You will learn to use the conditional mood and imperfect tense to describe your ideal town and what you would do to improve it. You will boost your cultural capital by comparing different ways of living in a range of francophone nations.

#### TUDOR HABITS:

During this unit of work, we will revisit lots of familiar vocabulary and concepts from the topic Where you live. You therefore need to be reflective and creative as you build on prior knowledge to consolidate and extend your understanding.

#### TIER 1 FRENCH VOCABULARY:

Habiter (to live), le logement (accommodation), avantage (advantage), inconvénient (disadvantage), la région (area, region)
