

LEARNING JOURNEY DEUTSCH

Year 10: Feste (Festivals)

Spring Term 1

In Year 9 you were introduced to some **important festivals** celebrated in German-speaking countries, as well as **how to specify dates**. Now you will learn how to speak about **how those festivals are celebrated in German-speaking countries**, which will involve using all three tenses. You will also be **using opinion phrases and adjectives** to give your opinions on important festivals and traditions. Additionally, you will learn **how to use the conditional tense** to explain which festivals you would like to experience and what you would like to do. This is important to be able **to show complexity** at GCSE, and is also a new grammar concept which you will be able to use in other topics, such as when talking about what job you would like to do in the future in Year 11.

TUDOR HABITS:

You will be developing your **empathy and curiosity** as you learn about the religious and secular festivals of other cultures. Being introduced to the conditional tense will require **resilience** as you learn how to use it independently.
