

LEARNING JOURNEY

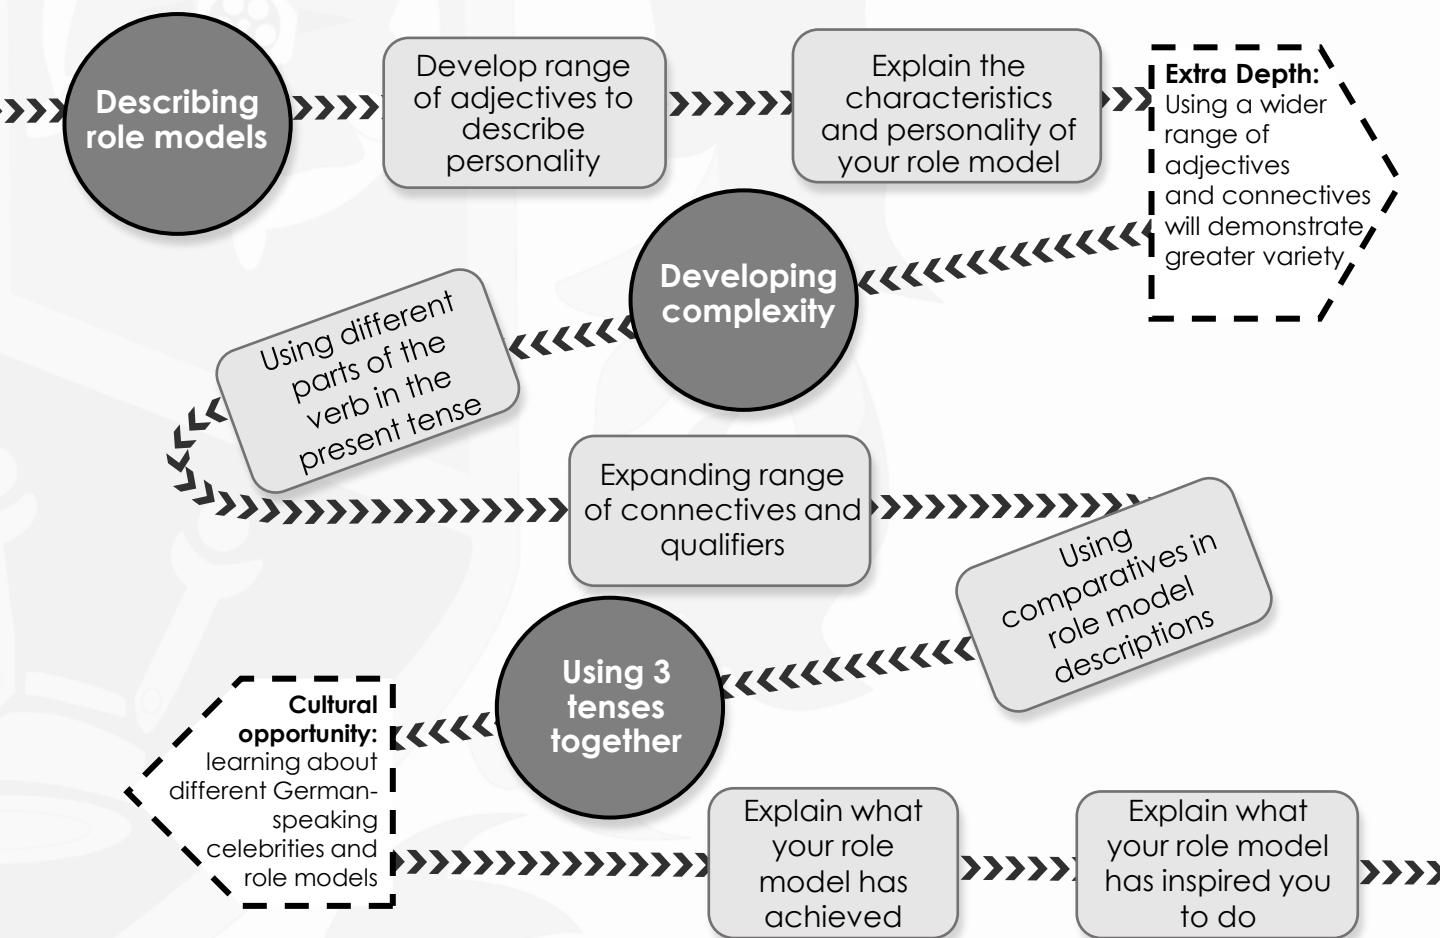

DEUTSCH

Year 9: Vorbilder (Role Models)

Spring Term 1

In Year 7 you covered the topic of family and learnt to give basic personality descriptions of yourself and other people. Within this unit of work, you will develop and expand not only the **range of adjectives to describe people**, but also the **variety of connectives and qualifiers** that you are able to include within your work. You will draw on your existing knowledge of **word order** when using connectives such as *weil*, and apply this to new connectives including *obwohl* and *da*. Additionally, you will **consolidate your understanding of the three main tenses** (past, present and future), and start to use these to describe the actions of others as well. This will serve as **a secure foundation** for GCSE study and beyond, where understanding of tenses and connectives are fundamental knowledge needed to succeed.

TUDOR HABITS:

You will need to be **reflective** as we consider who our role models are and why, **curious** as we learn about different celebrities and role models, and **resilient** as we learn to use a range of connectives with the correct word order and use a range of tenses together.

TIER 1 GERMAN VOCABULARY:

das Vorbild, verdienen, obwohl, da

TIER 3 GRAMMATICAL TERMINOLOGY:

subordination
