

LEARNING JOURNEY ES

Philosophy - Applied Ethics

Year 10 Spring Term

This unit will you will begin with investigating the philosophical positions on what makes a good action. We will be exploring the two theories of utilitarianism and deontology and applying these to a number of real world examples including climate justice, human rights and the refugee crisis currently ongoing.

TUDOR HABITS AND VALUES: You will be working on your kindness and empathy in this unit, with an examination of different views on what it is to be a good person

VOCABULARY: Philosophy, Ethics, utilitarianism, deontology, refugee, climate justice, universal
