

LEARNING JOURNEY

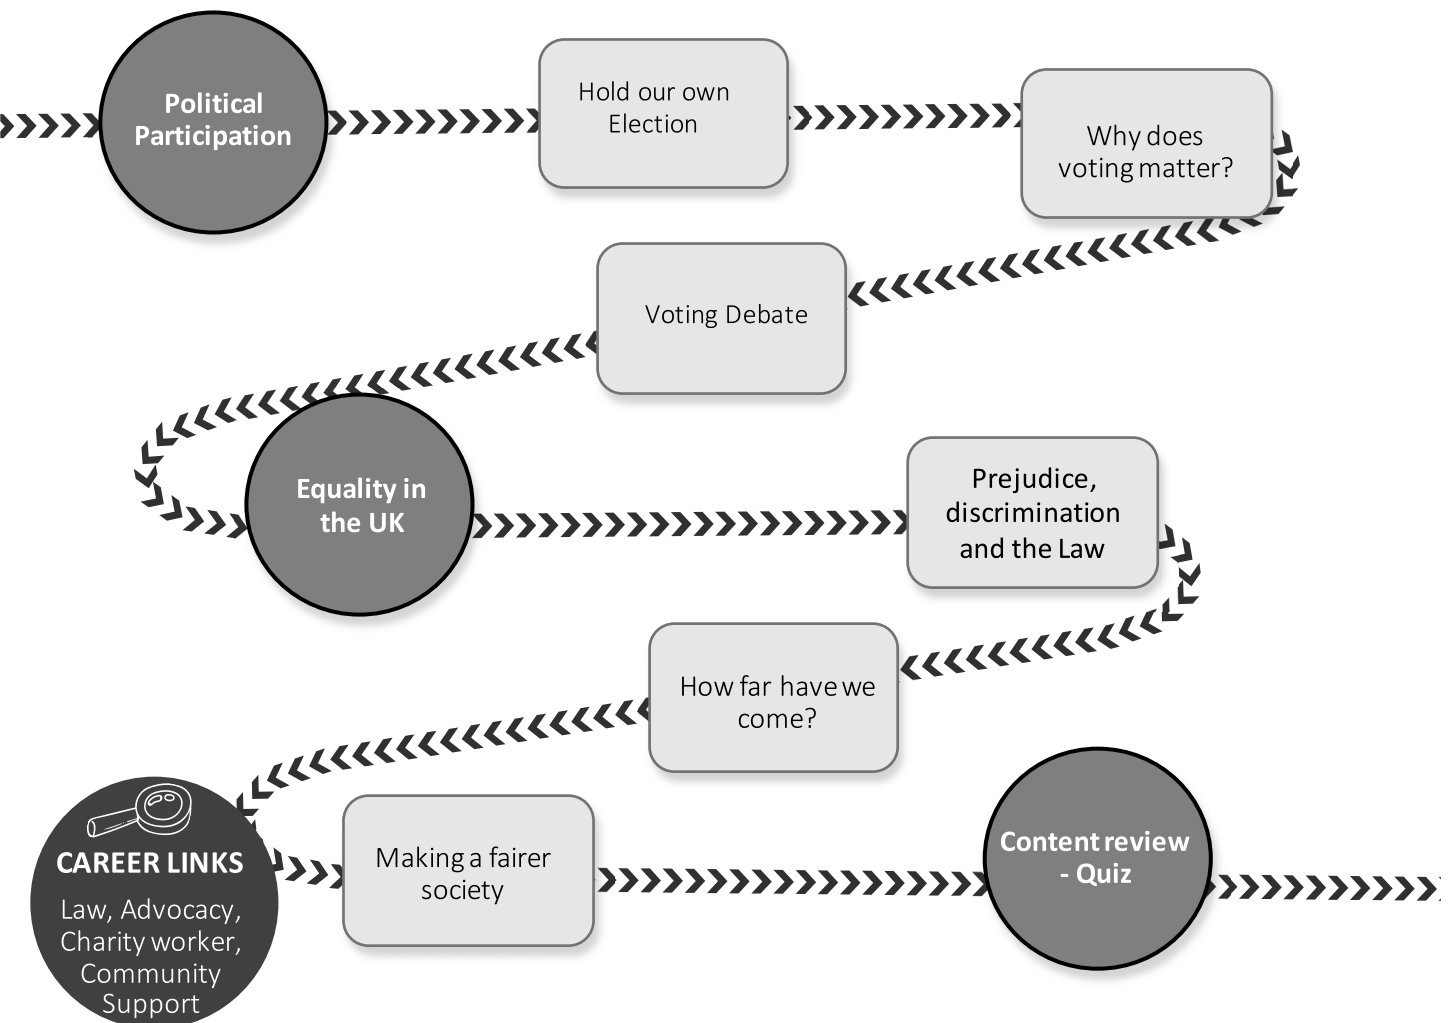

Citizenship

Political Participation / Equality in the UK

Year 8 Autumn Half Term 2

To complete our studies on Politics for Year 8, we will use our knowledge from the last half-term to investigate the process of voting and how elections work by holding our own election and voting for the parties you created. We will conclude by holding a debate which will provide you with an opportunity to develop key skills which will help you with other subjects such as RE, RSHE and English. Our second topic is Rights, Justice and the Law. Our focus will be on equality and fairness. This directly links with our Tudor Values and Habits and will allow us to consider how we can make our school, community and country a fairer place.

Tudor Value –Tolerant and Accepting – To consider our own attitudes towards others and find ways to ensure everyone is treated fairly and with equity

KEY TERMINOLOGY: Franchise, Ballot, Suffrage, Discrimination, Prejudice

Discussion ideas :
Should voting be compulsory?
Does the law go far enough in protecting our rights?

Vocabulary link – RSHE and RE will use many of the same keywords and concepts. What other words can you link? Try and keep a glossary and use at least one keyword every day.
