Spoken Language — The Gothic

Year 9 Summer Term

This exploration into the gothic genre will take you on a journey through haunted castles in the wilderness, to the volatile confines of laboratories, to the morbid mysteries of the city, as well as deep into the mind itself. As we navigate through seminal gothic texts, you'll explore thematic ideas including horror, claustrophobia, psychosis and the supernatural. For your spoken language assessment, you will collaborate on a group presentation. This builds upon your experience of spoken language in different mediums, having undertaken role play, debate in previous years and now a group presentation. Individually, you will be responsible for exploring and analysing how a specific gothic convention enhances a reader's experience of a text. By expressing challenging ideas in your presentation, focussing on speaking clearly and structuring your presentation effectively, you will be preparing yourself for your spoken language GCSE qualification.
