

# LEARNING JOURNEY

## French

Year 12 Revision

Year 12 Summer Term 2

During Summer term 2, you will be preparing for your first mock A level exams by focussing on exam style questions and frequent practice of the key assessment objectives. You will be mastering the essay technique for the film analysis with a particular focus on grammatical accuracy and use of analytical, idiomatic language. You will also be frequently practising paper 1 skills with a focus on translation and summary technique. Furthermore, you will be doing regular stimulus card learning checks, honing your time management skills, fluency and grammatical accuracy. You will be continuing work on spoken idiomatic fluency as well as your ability to evaluate the key topic issues. Finally, you will begin conducting independent research towards the research project, which forms part of your A-level speaking exam.

**TUDOR HABITS:** as we do frequent exam skills work and timed practices, it is important that you demonstrate resilience and perseverance as you revisit areas that you will need to independently work on.

### VOCABULARY:

Verb conjugation  
Adjectival agreement  
Academic register  
Idiomatic language  
Passive voice
