

LEARNING JOURNEY

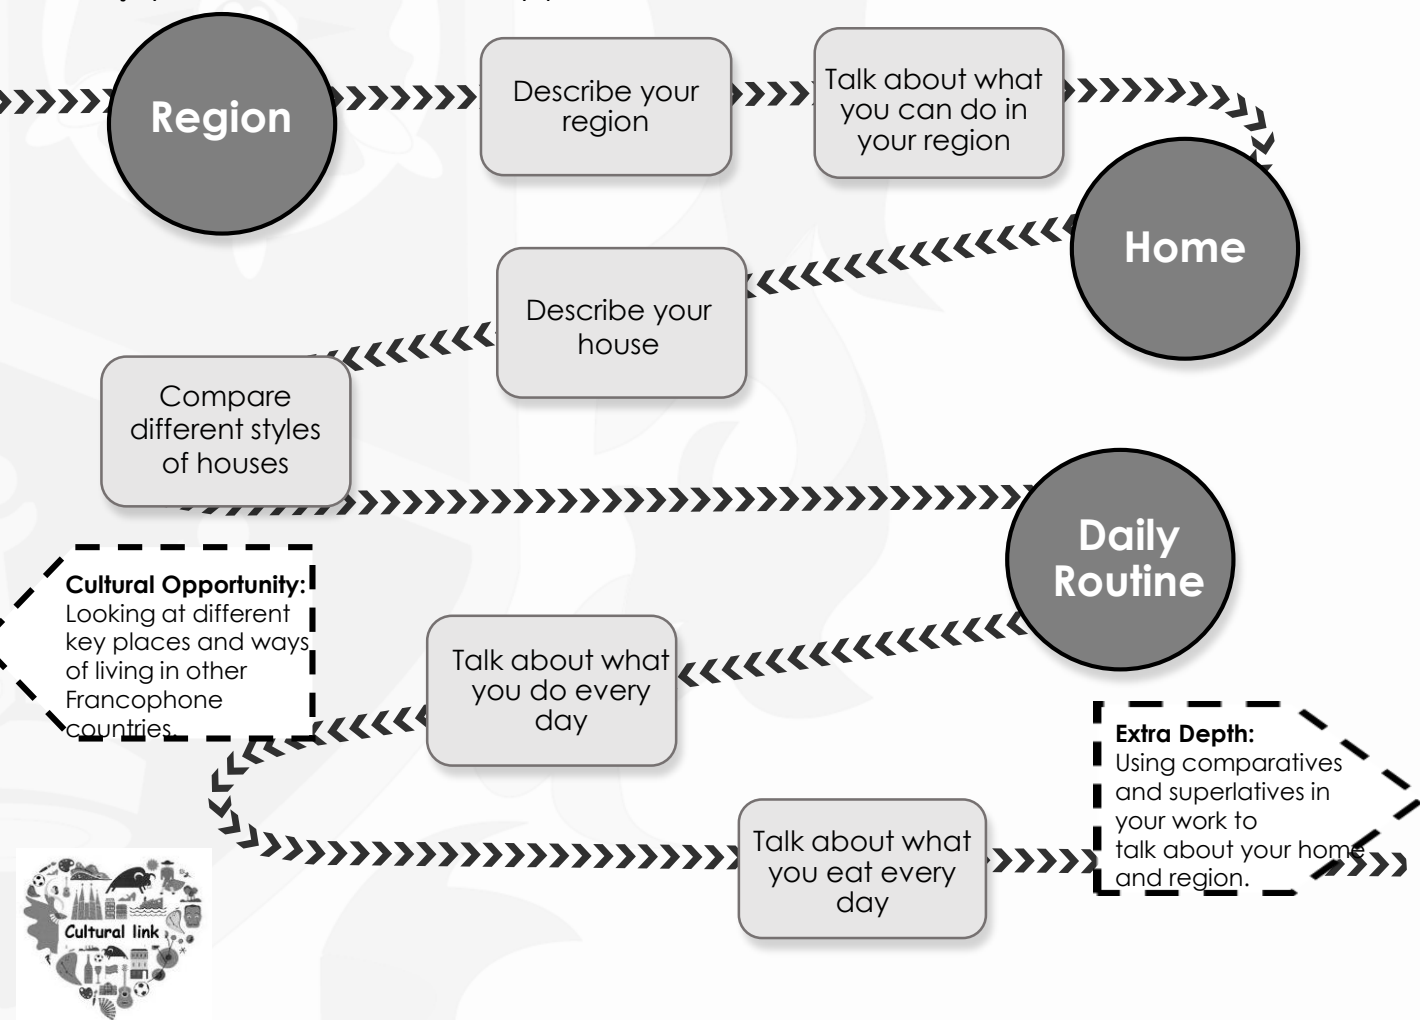

FRANÇAIS

Year 8: Chez moi (House and Home)

Spring Term 2 – Summer Term 1

During Spring 2, you will learn how to give opinions on your region and your home. You will learn how to compare regions and different types of homes using comparatives and superlatives. You will be able to draw upon your knowledge from the year 7 topic of town to talk about what there is and what you can do in your local area. You can also draw upon the year 7 topic of school to talk about different foods that you eat daily. You will revisit this topic again in year 9, where we will use past, present and future tenses to compare what we used to do and enjoy, with what we currently prefer.

TUDOR HABITS: as you discuss the francophone world and compare different types of housing you will need to be **curious** and **reflective** as you acknowledge that some parts of the francophone world are less fortunate than others. Being **systematic** and **precise** will help you apply grammar rules to the language to boost **creativity**.

TIER 1 ENTITLEMENT VOCABULARY:
j'habite = I live, **une ville** = a town

TIER 3 GRAMMATICAL TERMINOLOGY
Comparative, superlative, prepositions
