

LEARNING JOURNEY

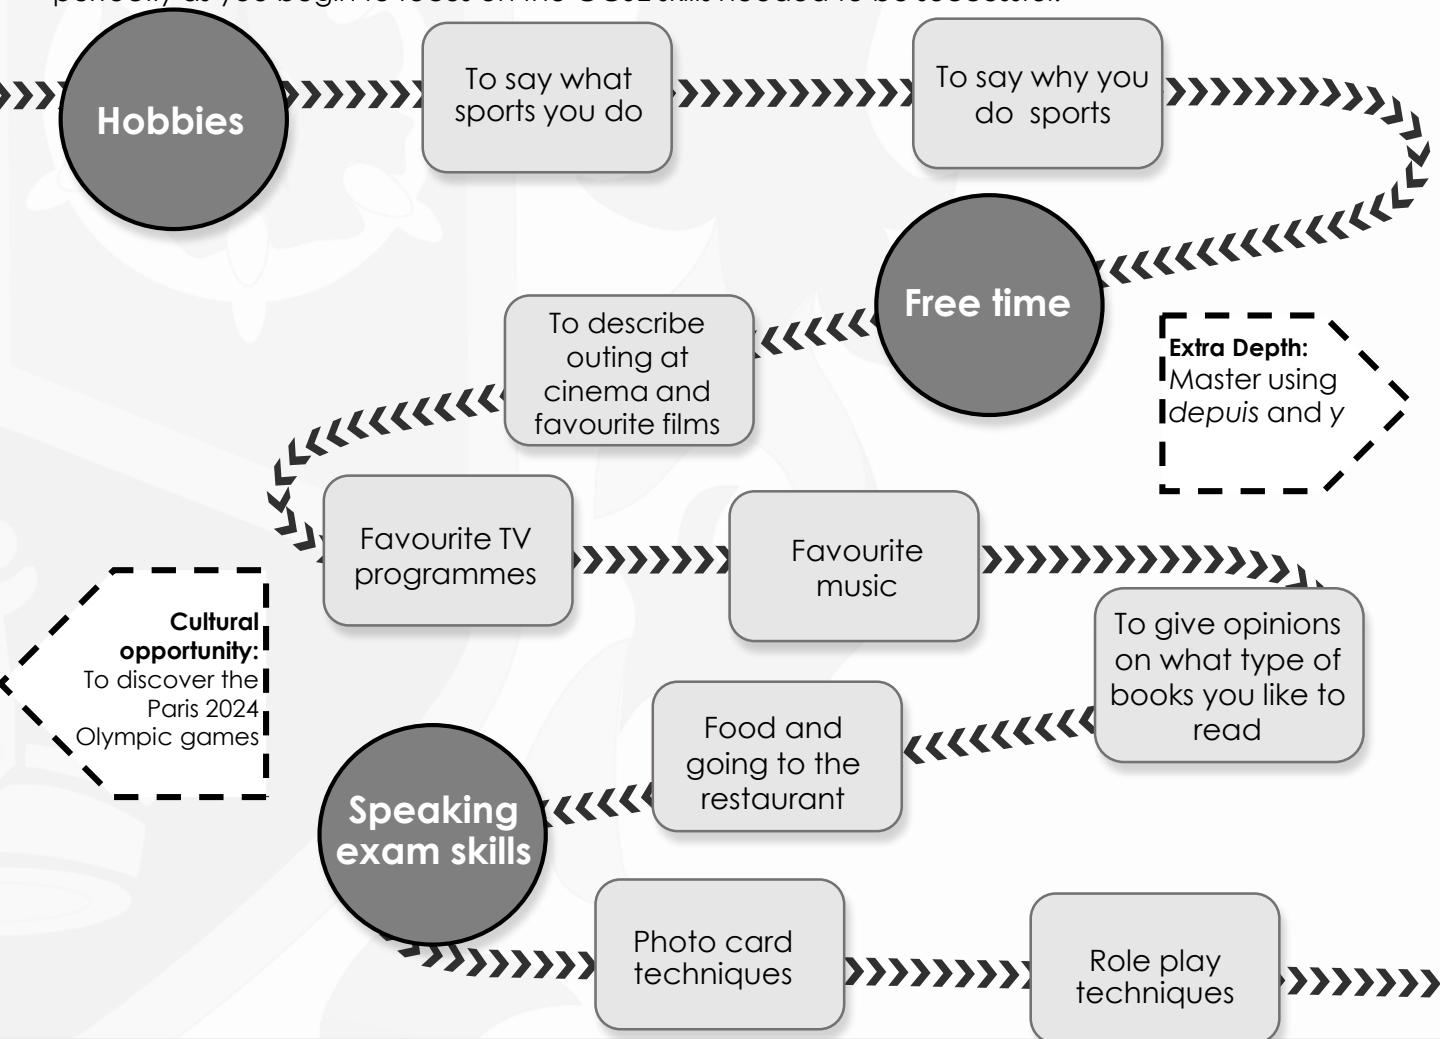

FRANÇAIS

Year 9: Mon temps Libre (My Free Time)

Summer term

In this topic of Free Time, you will begin by describing what sports and hobbies you like to do and explain why they are beneficial in terms of health and wellbeing. This will lead on from the topic of Town and Hobbies, studied in Year 7. Following this you will talk about a range of other free time activities including going to the restaurant, music, books, television and films which will be a fantastic opportunity to draw upon past experience of the media topic from Year 8. You will also look at speaking exam techniques when working with role plays and photo cards. You will use grammatical techniques such as comparatives, superlatives and the structure 'depuis'. These skills alongside giving detailed and reasoned opinions will benefit you across all topics and tie in perfectly as you begin to focus on the GCSE skills needed to be successful.

Extra Depth:
Master using *depuis* and *y*

TUDOR HABITS:

Embrace the similarities and differences of the French-speaking culture with an **open-minded** approach. Be **reflective** by engaging with previously learned language to link ideas together.

TIER 1 FRENCH VOCABULARY:
