

LEARNING JOURNEY SPANISH

Las fiestas (Customs and Festivals)

Year 10 Spring 2

In Spring 2, you will look at the topic of **customs** and **festivals**. You will understand the significance of a **variety** of **Hispanic festivals** and have the opportunity to **compare** different festivals. The topic explores how to **narrate** events in the past by using sequencers as a writing technique to describe in detail. Also, you will use verb constructions such as *antes de /después de/ acabo de* + infinitive newly introduced in this topic. You will revisit **past, present and future** structures and further **consolidate future/conditional tenses** from the previous half term on family, saying what festival you would like to attend and why.
