

LEARNING JOURNEY

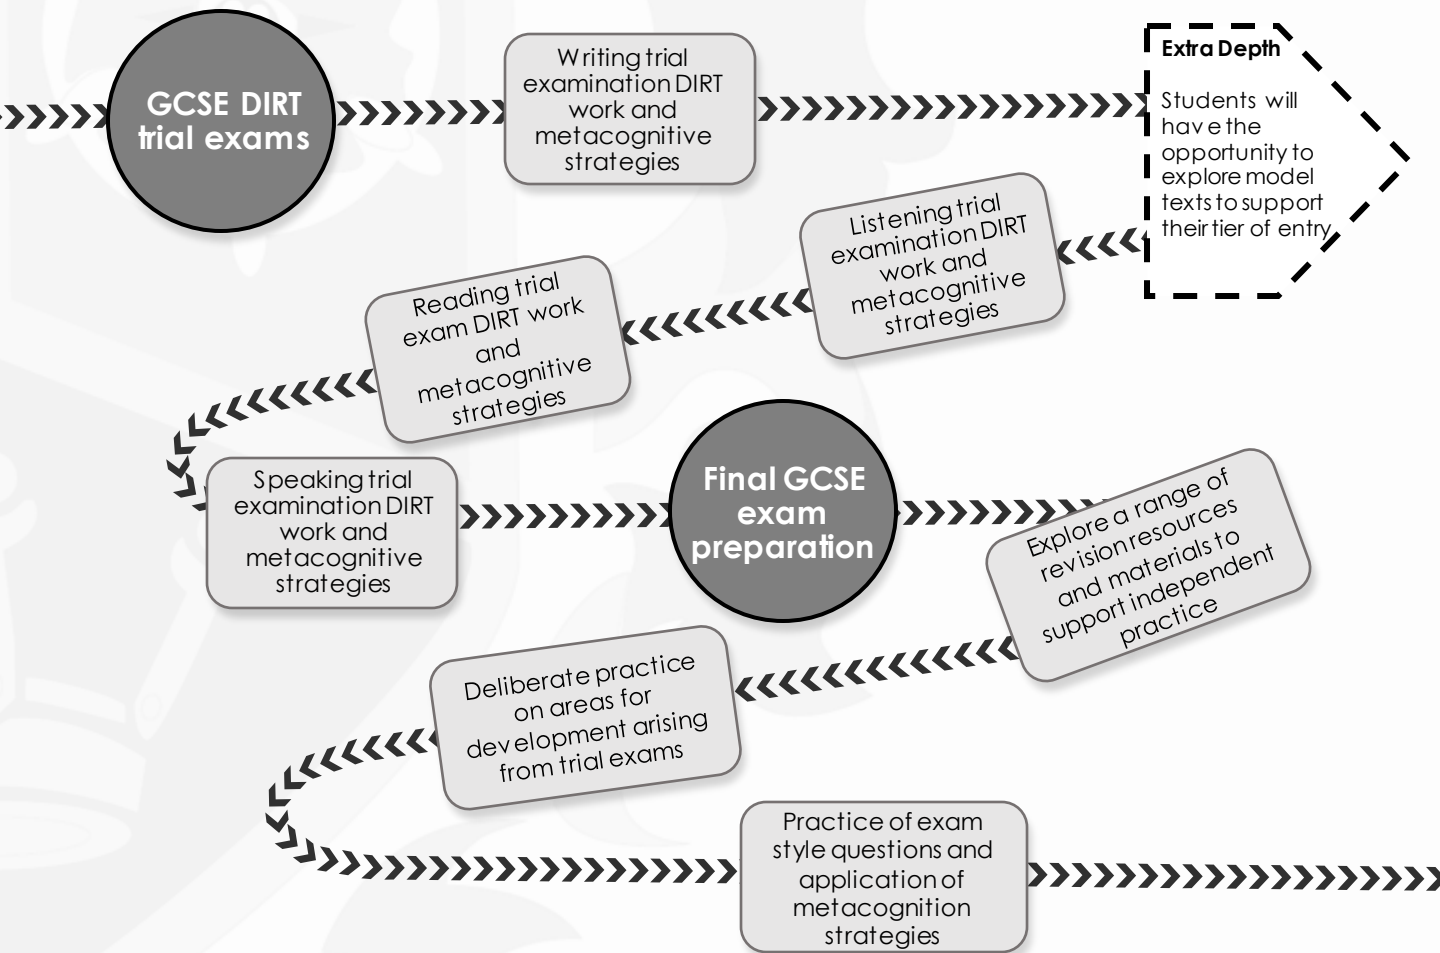

ESPAÑOL

Preparación para los exámenes GCSE (GCSE exam preparation)

Year 11 Summer term

In the summer term you will carry out revision for final GCSE examinations. You will use prior knowledge, as well as adding new vocabulary, to revisit GCSE topics from year 10 and 11. You will consolidate different tenses, which are essential to succeed in GCSE Spanish and look at strategies to add further complexity and range of language to your work. Most importantly you will take time to look at successes and areas for development from the most recent trial examinations, looking at key metacognitive and examination strategies to raise attainment further.

TUDOR HABITS:

As we prepare for final examinations students will need to be **reflective** over trial examinations and show **resilience** when revising.

TIER 1 SPANISH VOCABULARY:

Consolidating vocabulary from across all of the GCSE topics.

TIER 3 GRAMMATICAL TERMINOLOGY

synonym, antonym, word family, false friend, cognate
