

LEARNING JOURNEY FRANÇAIS

Year 8 Les Médias (Media)

Autumn Term 1

In Year 7 we have covered the present and future tenses. You now have the linguistic understanding to cope with a third tense, the perfect past tense. The ability to use three tenses is a fundamental skill in your language learning. By the end of this topic you will be able to refer to past, present and future events, which will allow you to discuss a much broader range of topics. The topic of media is ideal for practising the perfect past tense and building on your vocabulary and grammar base from Year 7 to consolidate and extend your existing understanding. Moreover, there are lots of key verbs in the media topic that you will be able to reuse in future topics e.g. I liked / I saw / I have watched / I have listened to.

TUDOR HABITS: Be **analytical, curious and tenacious** in this unit of work you will be learning a new tense and so will need to focus on spotting patterns in language and drawing links between different grammatical concepts.
