

LEARNING JOURNEY

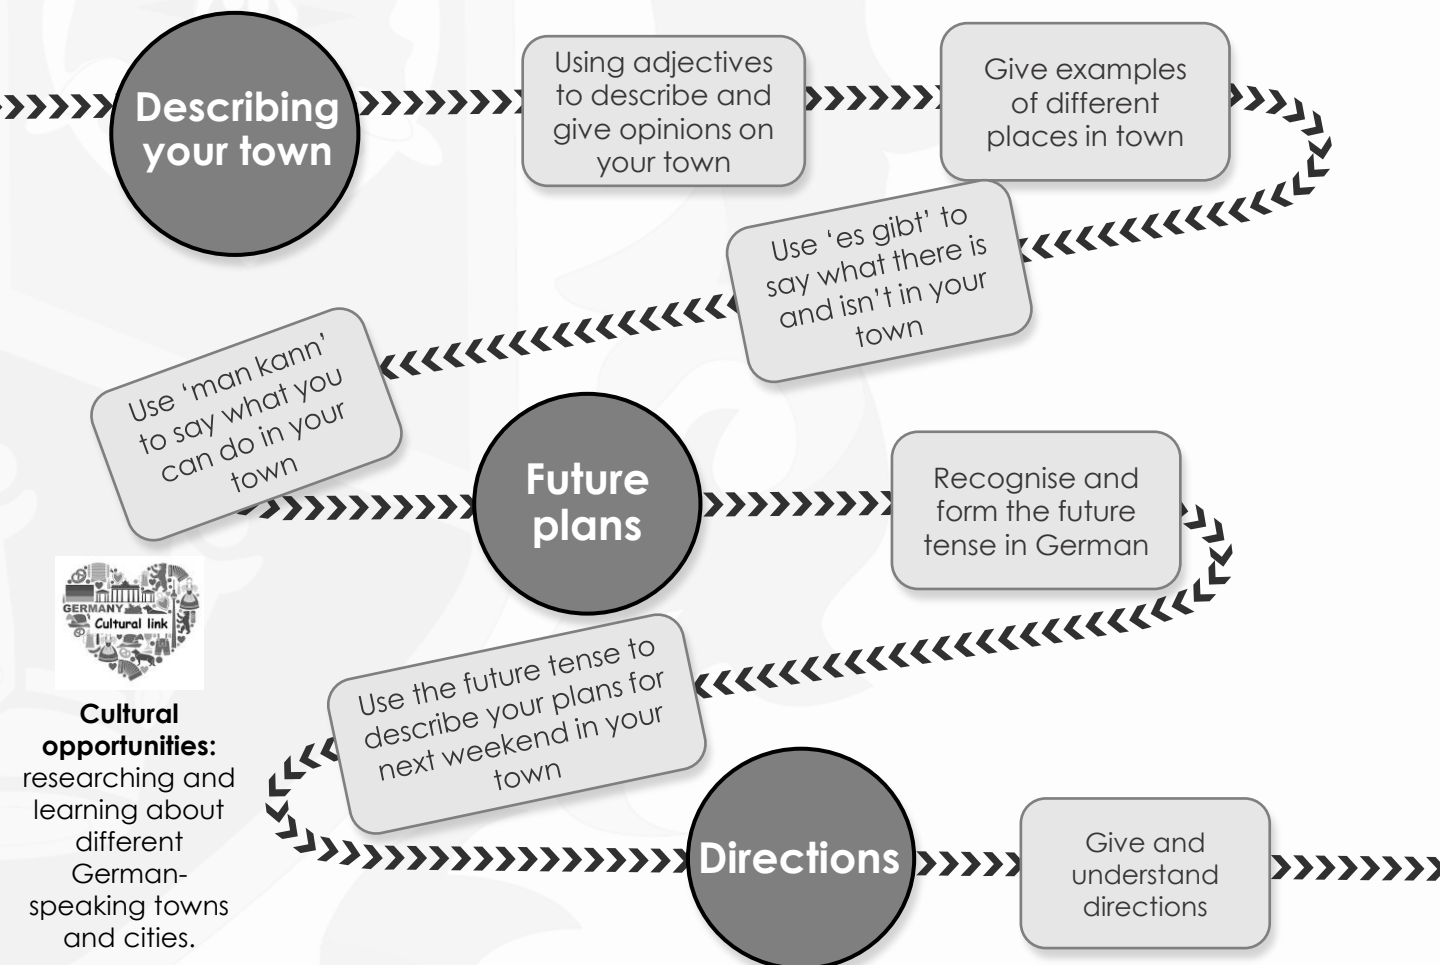

DEUTSCH

Meine Stadt (my town)

Year 8 Autumn Term 1

In Year 7 we have looked at the basics of key grammatical concepts in German, such as **word order and verb endings**. In this topic we will practise and extend your knowledge of these areas of German grammar by **describing towns and activities in towns**. We will begin by using the present tense to **describe where you live, what is in your town and give opinions**. We will also **increase the complexity of your work** with **modal verbs** and **the future tense**. By the end of this sequence of learning, you will be able to explain what you can do in your town using "man kann" and to describe future plans in town. **Modal verbs and the future tense use a similar structure**, and this will not only further improve your understanding of German word order, but also **lay the foundations for using other modal verbs and tenses** as we progress throughout KS3.

Cultural opportunities:
researching and learning about different German-speaking towns and cities.

TUDOR HABITS:

Be analytical: in this unit of work there are lots of opportunities for you to spot patterns in language and draw links between different grammatical concepts.
