

LEARNING JOURNEY SPANISH

El Tiempo Libre (Free Time)

Year 9 Autumn Term 1

In Year 7 you were introduced to the concept of 'conjugation', changing verbs from the infinitive form and changing them to the present tense. In year 8, you were exposed to conjugation across different tenses: past, present and future. In year 9 Autumn 1, you are going to consolidate your conjugation skills by practising giving opinions in the present tense, describing a birthday in the past and describing future plans; specifically, a film you are going to watch. The topic of free time will allow you to revisit the fundamentals of the most common tenses used in Spanish while also acquiring new vocabulary on free time (routine and films). You will learn a greater range of opinions phrases that will enable you to be more specific when writing and speaking.

TUDOR HABITS: Be **systematic** in your approach when using the past preterite, present and future tenses. This half term is an opportunity to retrieve and consolidate your ability to write and speak in different tenses.
