

LEARNING JOURNEY

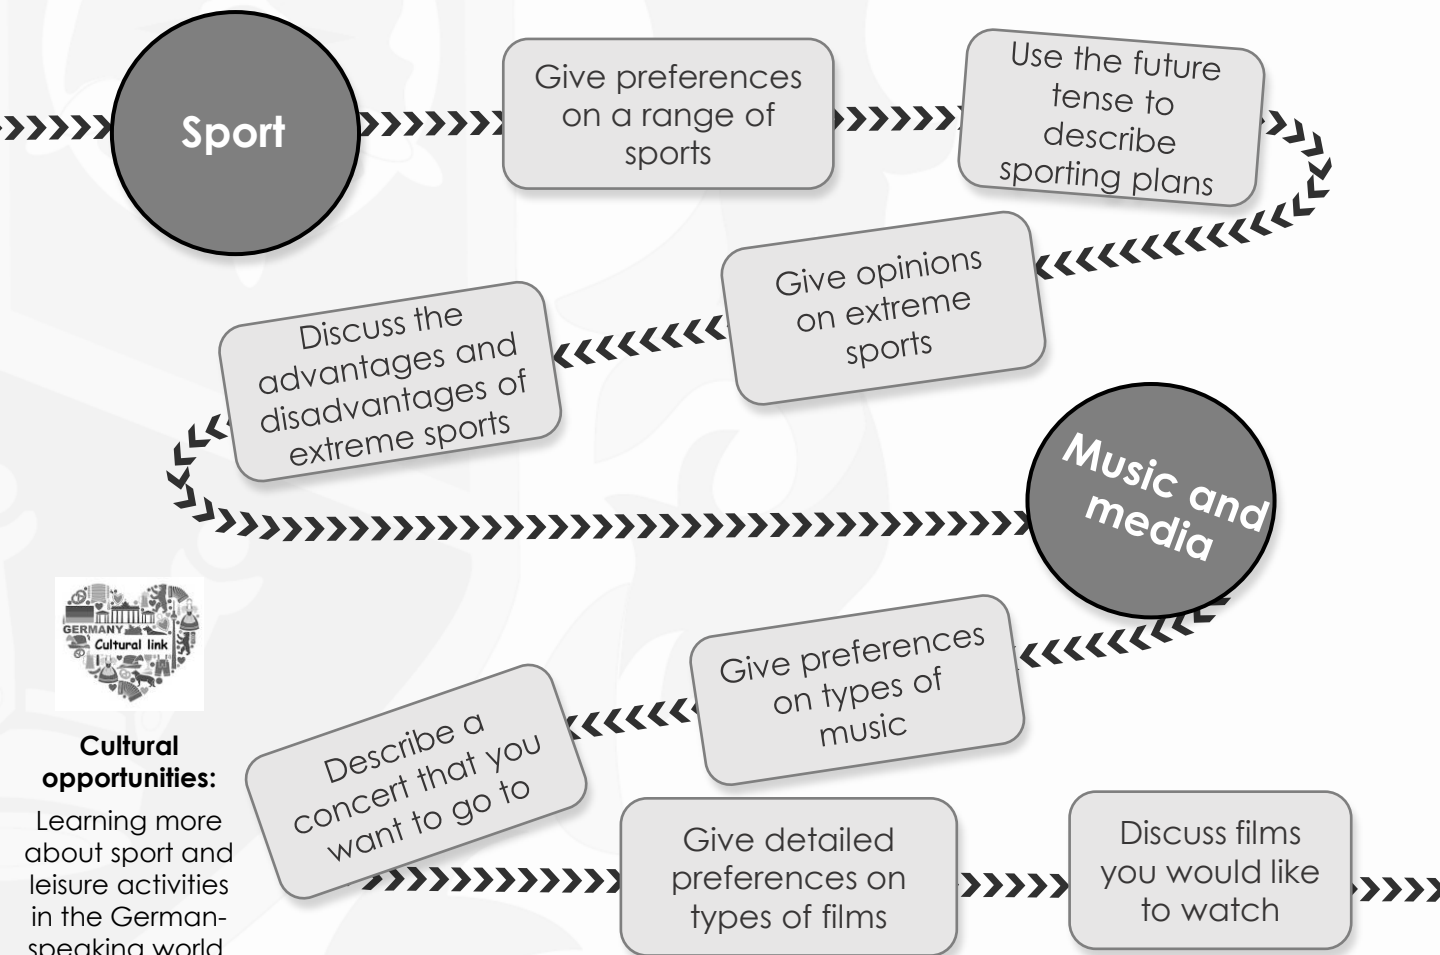

DEUTSCH

Free time activities

Year 10 Summer 1

In Year 7, you learnt how to talk about your **free time activities**, including **sports and hobbies**. This was further extended in Year 8 and Year 9 when you covered the topics of **TV, film and music**. We are now revisiting these topics and **developing our use of complex language to give preferences** and discussing them in a **range of tenses**. We will also be looking at aspects of these topics in greater depth. For example, we will develop **more sophisticated vocabulary** to be able to talk about **extreme sports** and discuss the **advantages and disadvantages** of these types of activities.

Cultural opportunities:

Learning more about sport and leisure activities in the German-speaking world.

TUDOR HABITS:

Be reflective: During this topic we will revisit lots of vocabulary from KS3. It is important that you reflect on the language that you know already, and use this as a springboard to develop more detailed and sophisticated responses.

TIER 1 GERMAN VOCABULARY:

treiben – to do (sport)
probieren – to try
teilnehmen – to take part
sich entspannen – to relax
verletzen – to injure
